To the RLS Staff:

I,       , of **NYC Prince LLC**, have elected to not share my Exclusive Property (**455 West 19th Street #PH2**) with other firms participating in the REBNY Listing Service (“RLS”). As discussed with my Exclusive Broker/Agent, I understand that my Exclusive Broker/Agent is prohibited from displaying the Exclusive Property on its website, various third party real estate websites, and social media applications as described in the RLS Universal Co-Brokerage Agreement (“UCBA”).

I have had thorough discussions with my Exclusive Broker/Agent regarding this decision. Based on those discussions, I understand and acknowledge that by not sharing my Exclusive Property with other brokers through the RLS, the level of exposure that my Exclusive Property receives may be affected, which may ultimately affect both the number of offers made for my Exclusive Property and/or the price at which it is sold or rented. I further understand and acknowledge that by electing to not have my Exclusive Property be displayed as described above, then both real estate brokers and consumers who conduct searches for property listings on the Internet may not see information about my Exclusive Property. I also understand and acknowledge that, if I have selected to not have my Exclusive Property shared over the RLS to other participating brokerage firms, then it may take longer to sell or rent my Exclusive Property than if it had been shared with other brokers participating in the RLS.
